🌐 Portfolio

## About

---

- Results-driven Data Analyst skilled in transforming data into actionable insights through Power BI, Excel dashboards, SQL, and Python. Strong foundation in data analysis, automation, and KPI tracking to support data-driven decisions.

## Internship

---

### Data Analytics

MARVIK Academy for Technical Education

Udaipur, Rajasthan

June 2025 – July 2025

- Power BI: Developed interactive Power BI dashboards to translate complex datasets into actionable business insights for key stakeholders.
- Excel: Leveraged advanced Excel functions, PivotTables, and automation to build robust data models and performance reports.
- SQL: Wrote and optimized complex SQL queries to extract, manipulate, and validate large datasets, ensuring data accuracy and supporting ad-hoc analysis.

## Projects

---

### Indian Wildlife Dashboard

Indian Wildlife [🔗](#)

- Developed an interactive Wildlife Dashboard in Power BI to track species distribution, conservation status, and ecological patterns.
- Visualized complex wildlife data using dynamic charts, maps, and slicers to support data-driven conservation decisions.

### Amazon Sales Dashboard

Amazon Dashboard [🔗](#)

- Created an interactive Amazon Sales Dashboard to track revenue, orders, and product performance.
- Used Excel visualizations and slicers to analyze trends and support data-driven decisions.

### Social Media Addiction Dashboard

Social Media Dashboard [🔗](#)

- Designed and built an interactive Social Media Dashboard to monitor engagement, reach, and follower growth across multiple platforms.
- Leveraged data visualization tools to track key KPIs, identify trends, and optimize social media performance.

## Education

---

### Mohanlal Sukhadia University

Bachelor of Computer Applications (BCA)

Oct 2022 – Present

- Current SGPA: 8.77
- Gained hands-on experience in data analytics, programming, web development, data structures, database management, software engineering and computer networks through academic projects and coursework.
